

Instalando o PicPick

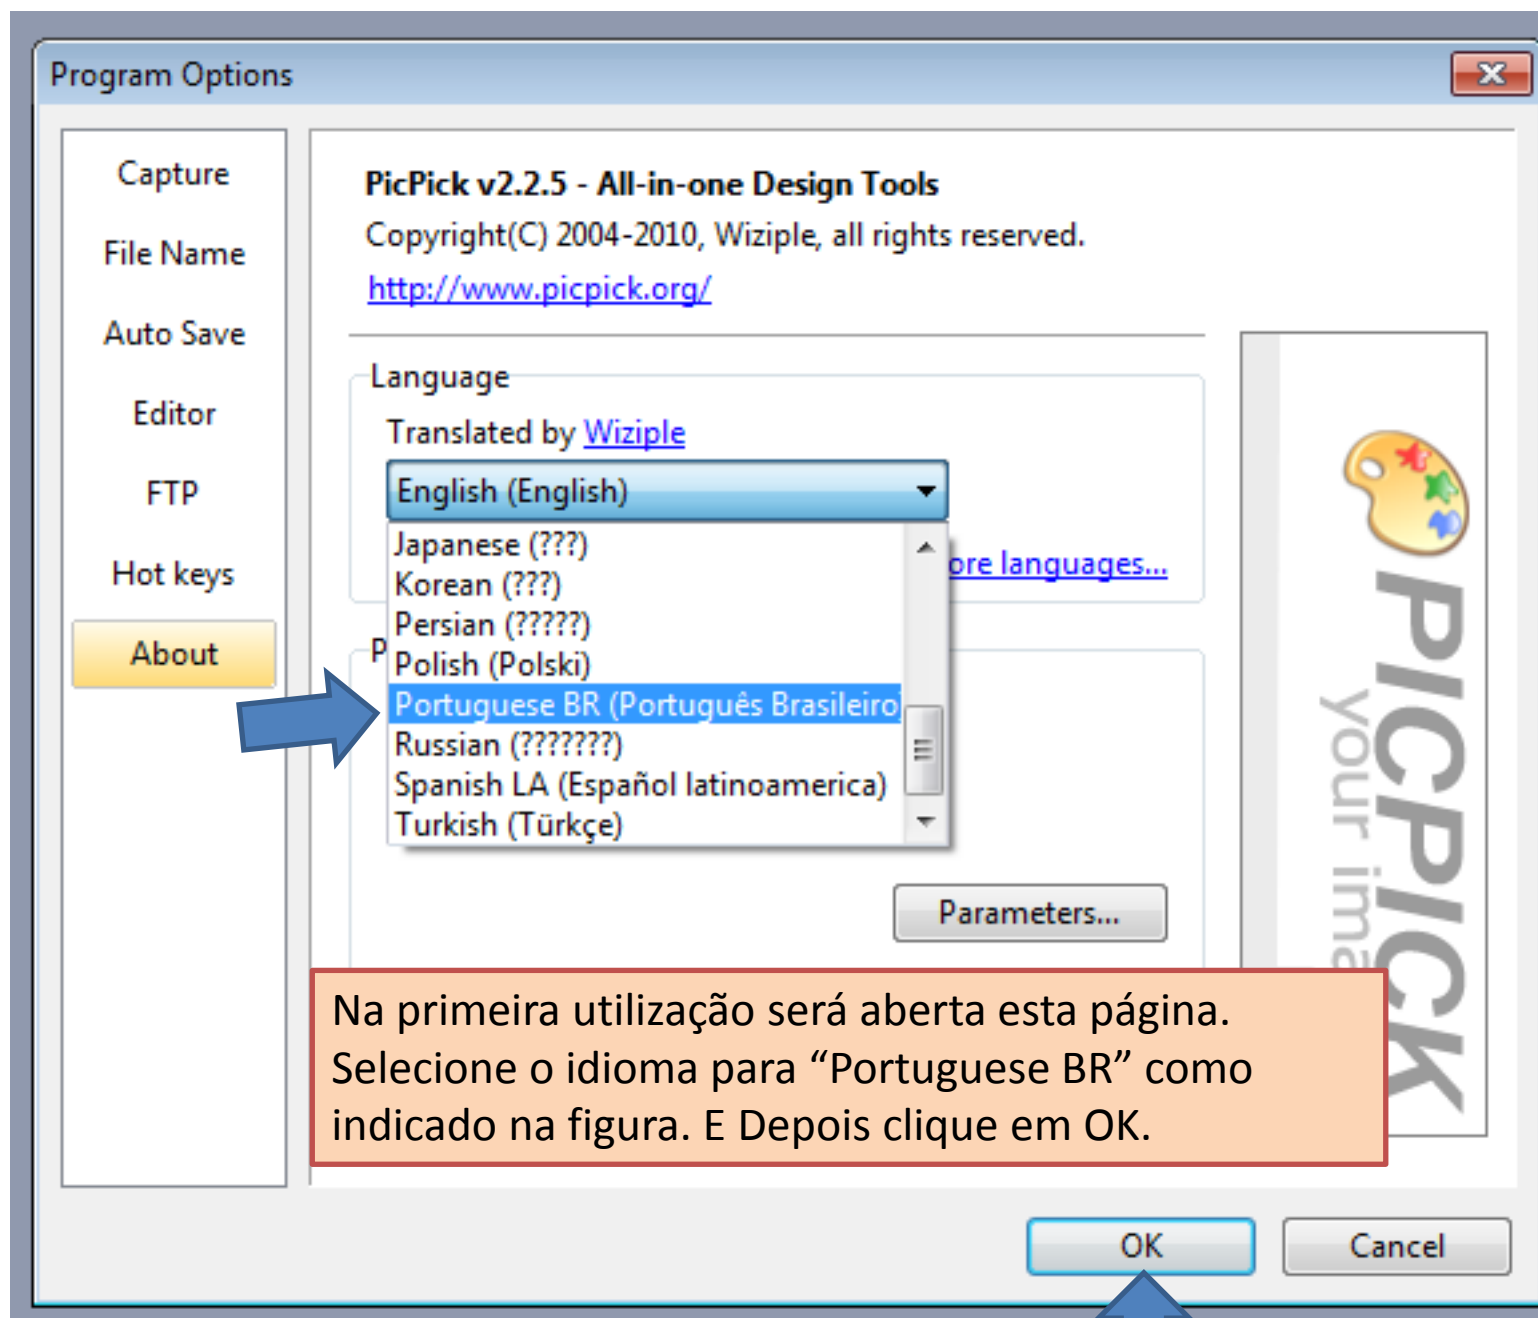

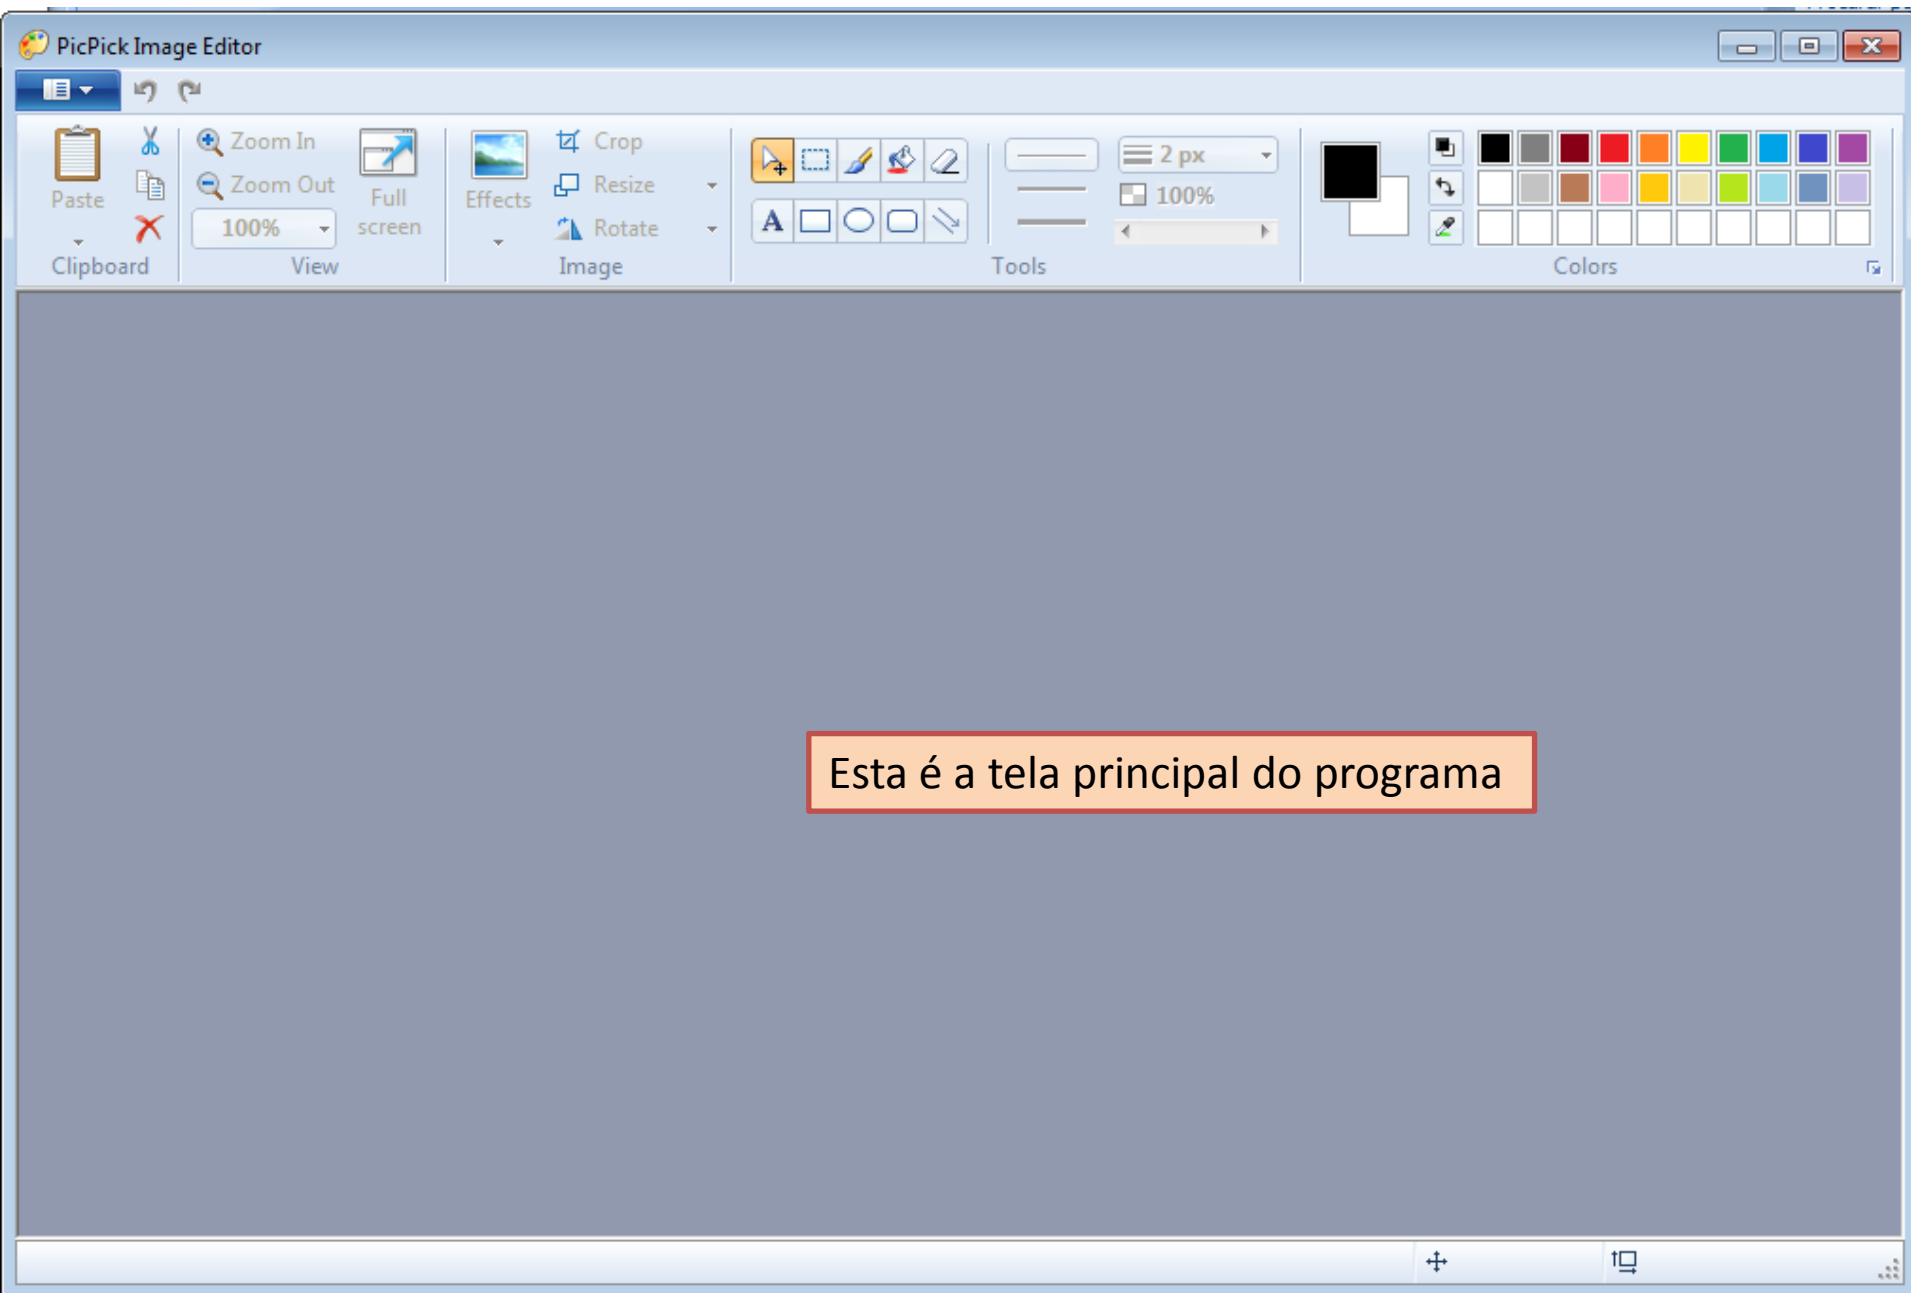

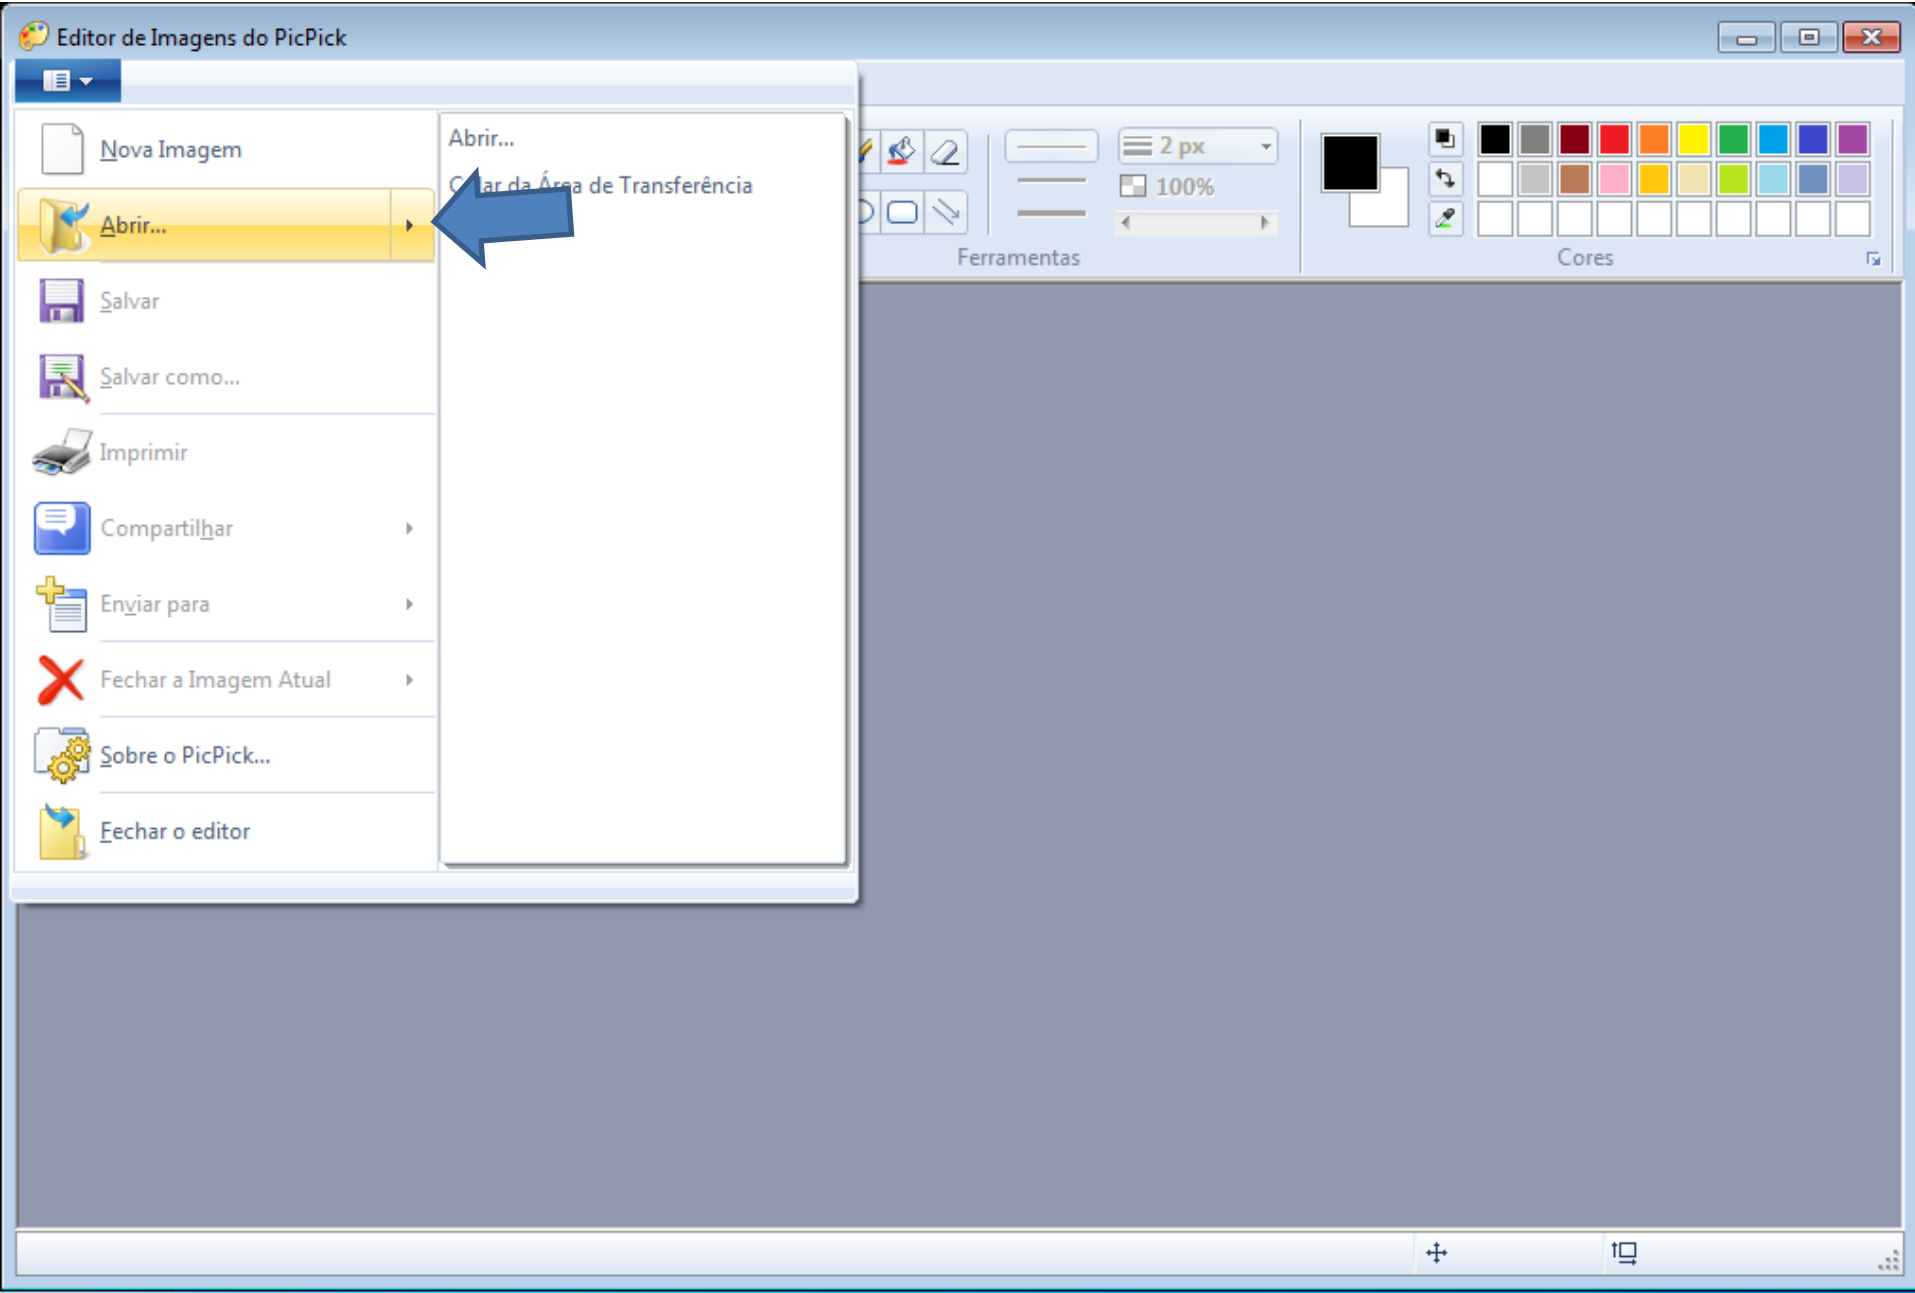

Depois de Instalado na Área de Trabalho será criado um ícone para acessar o programa

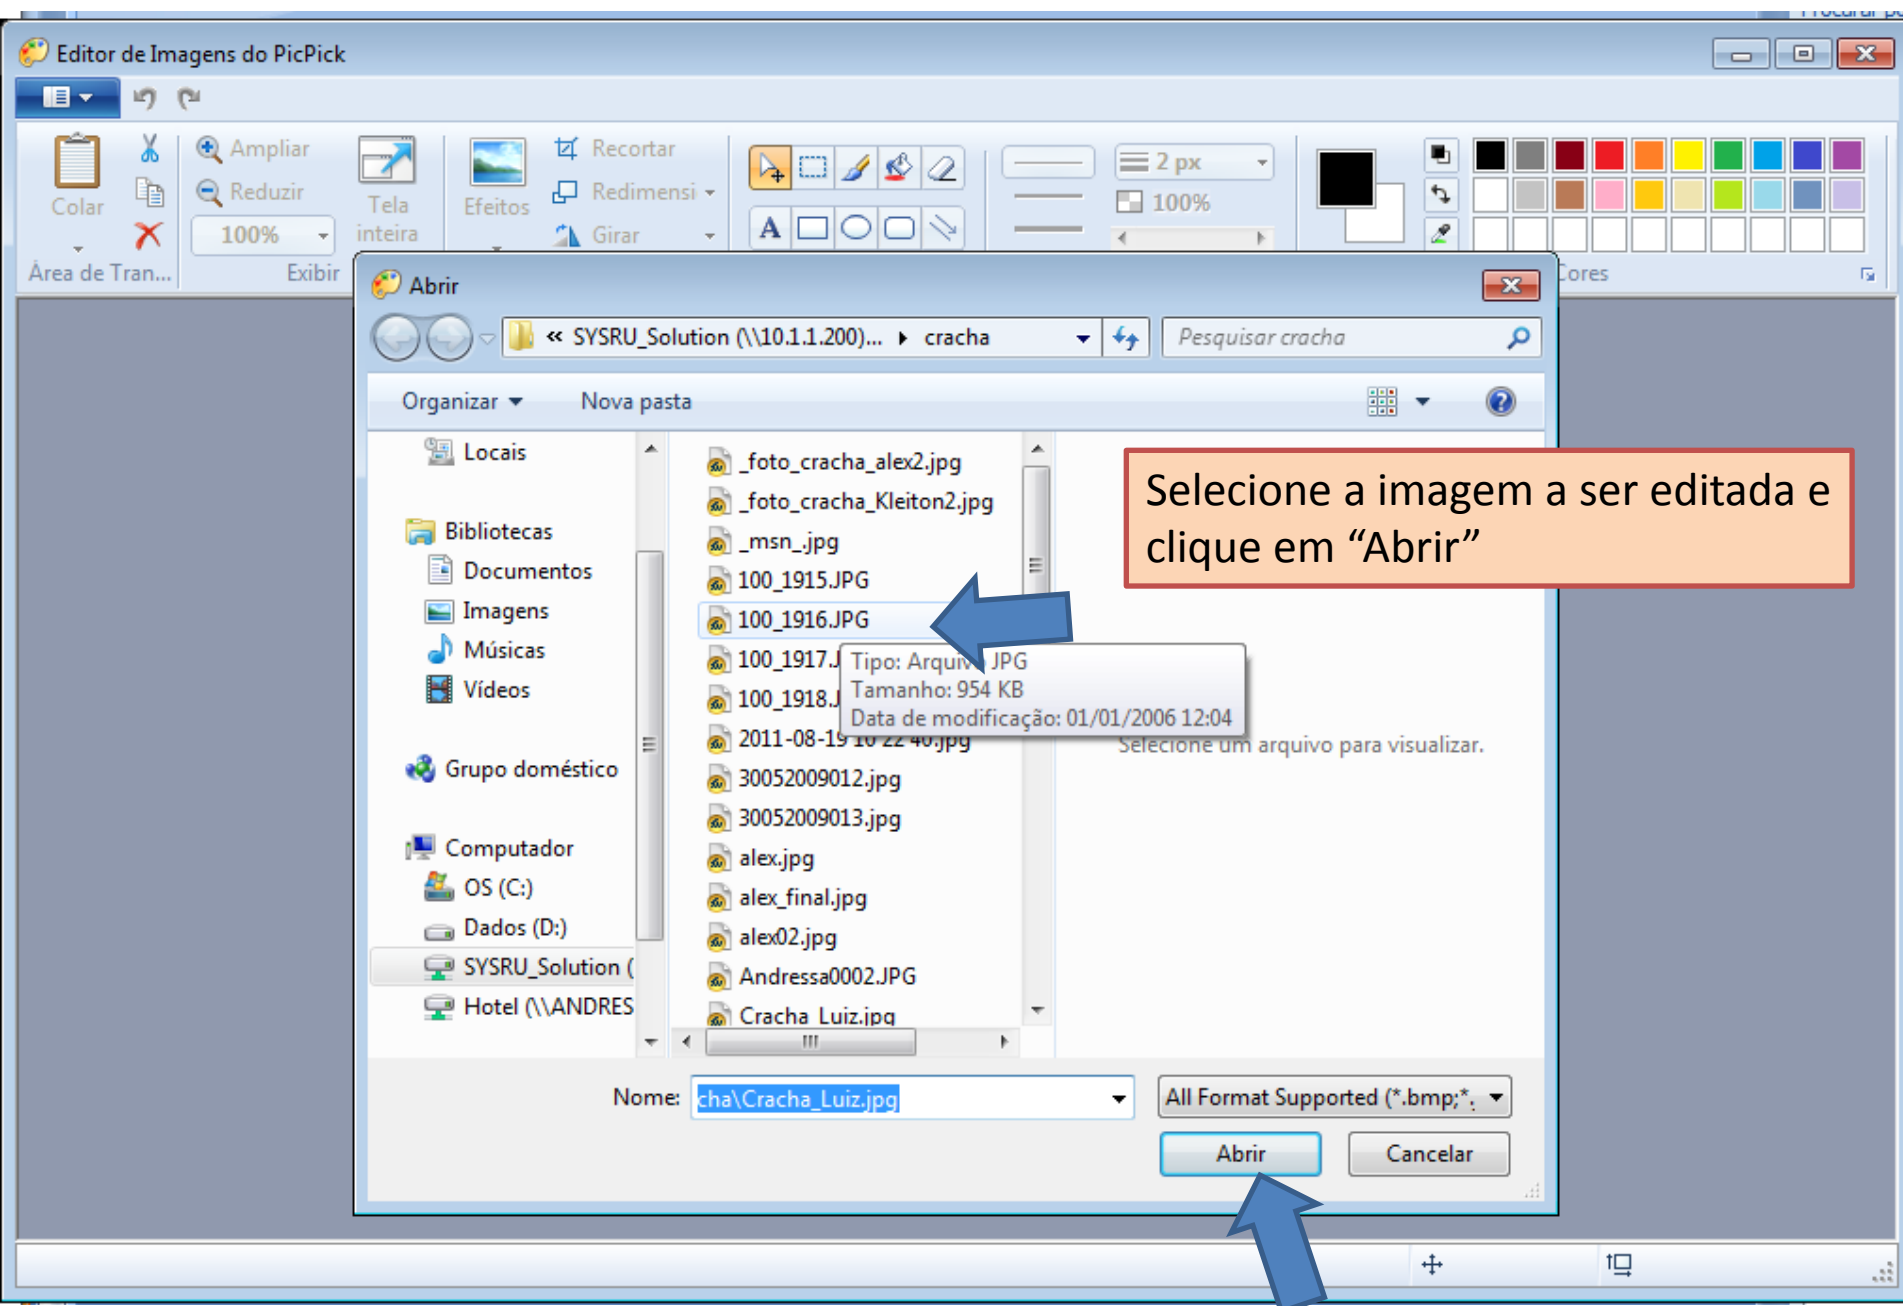

Dê dois cliques neste ícone para acessar o programa

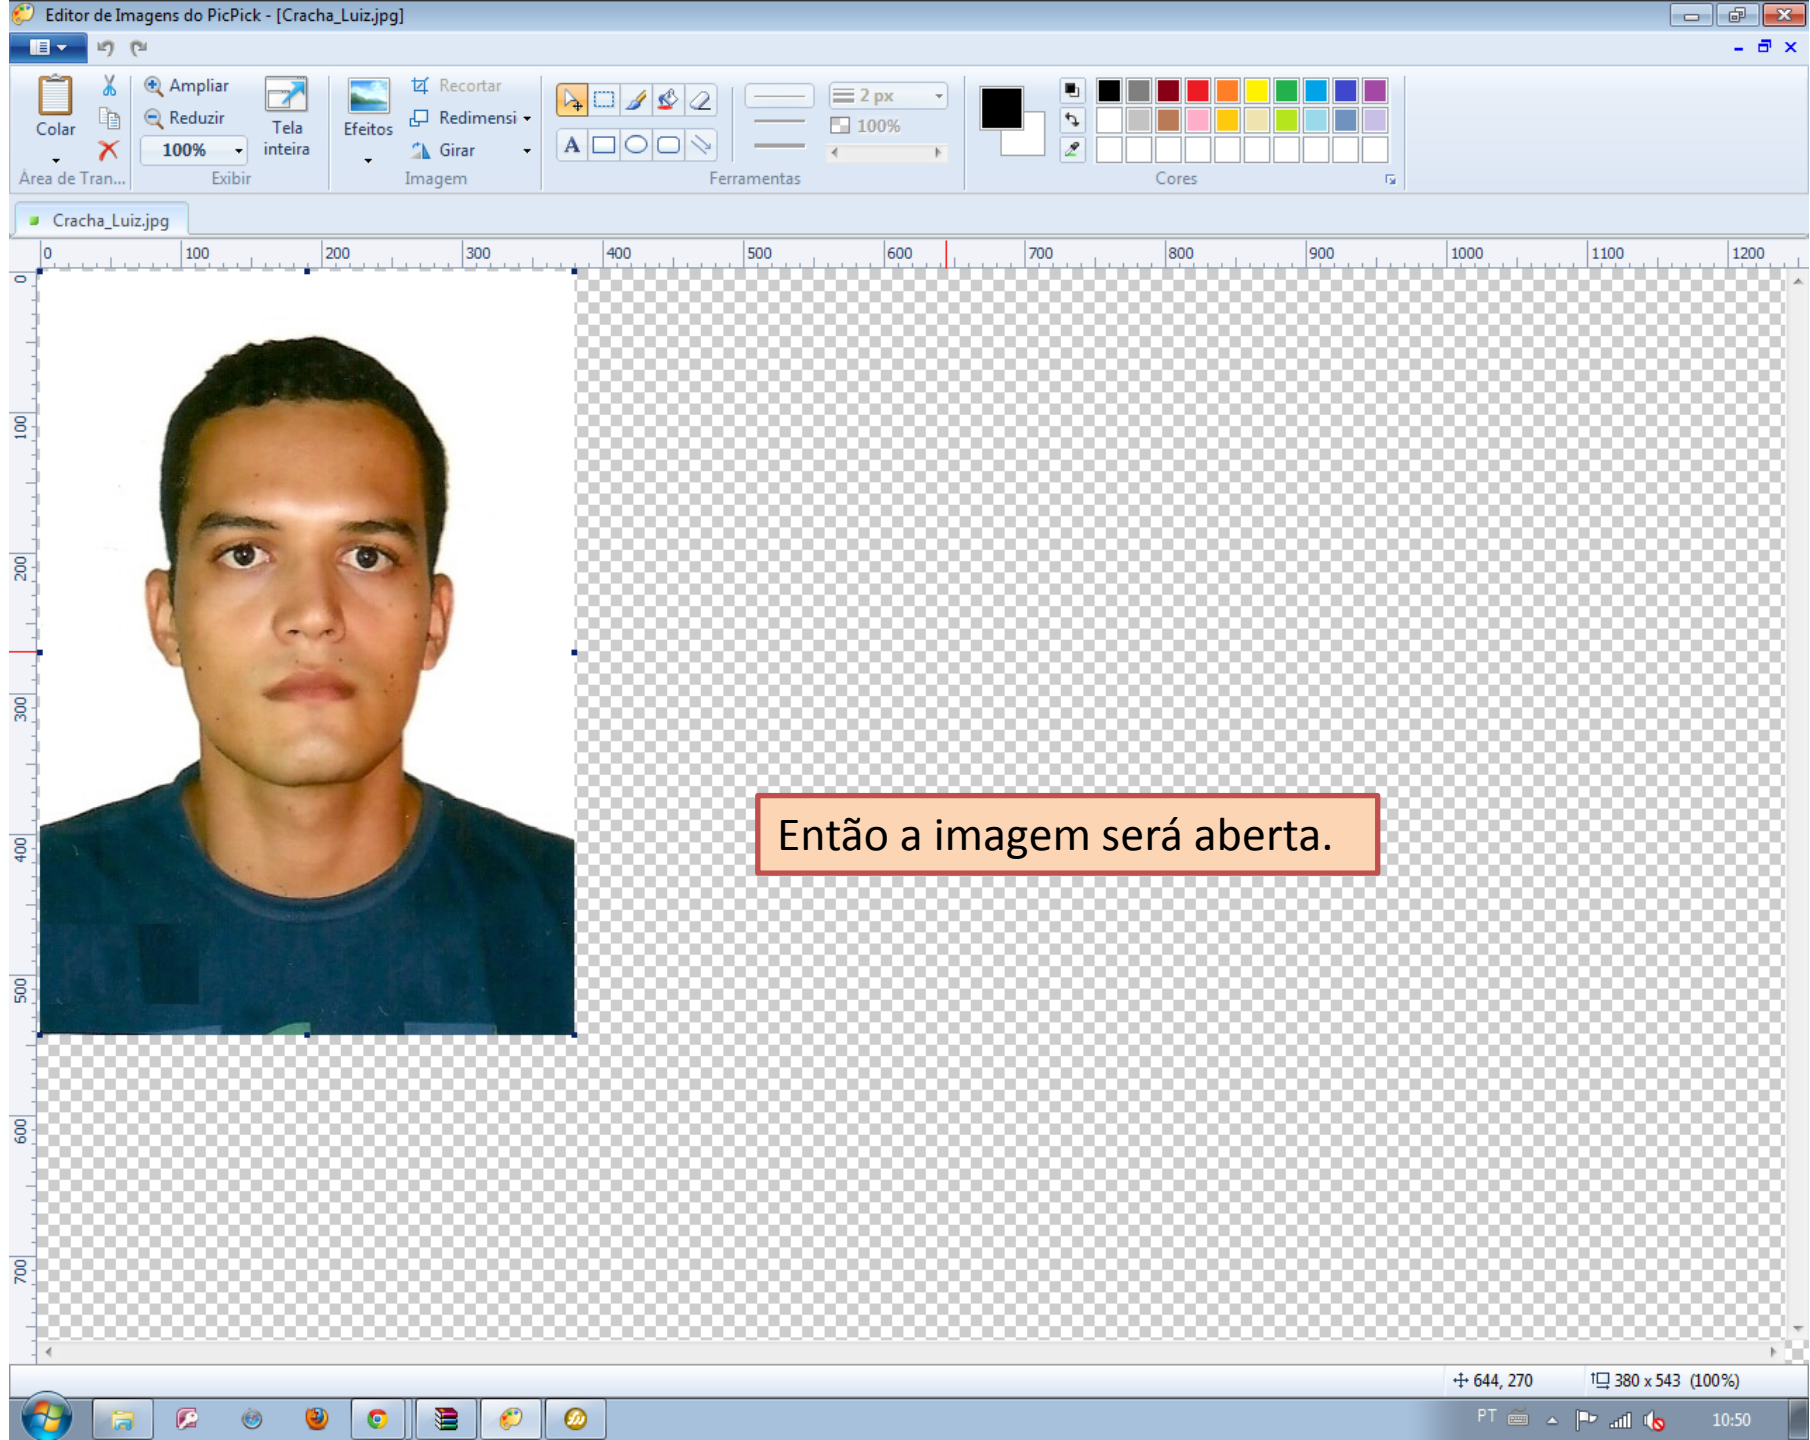

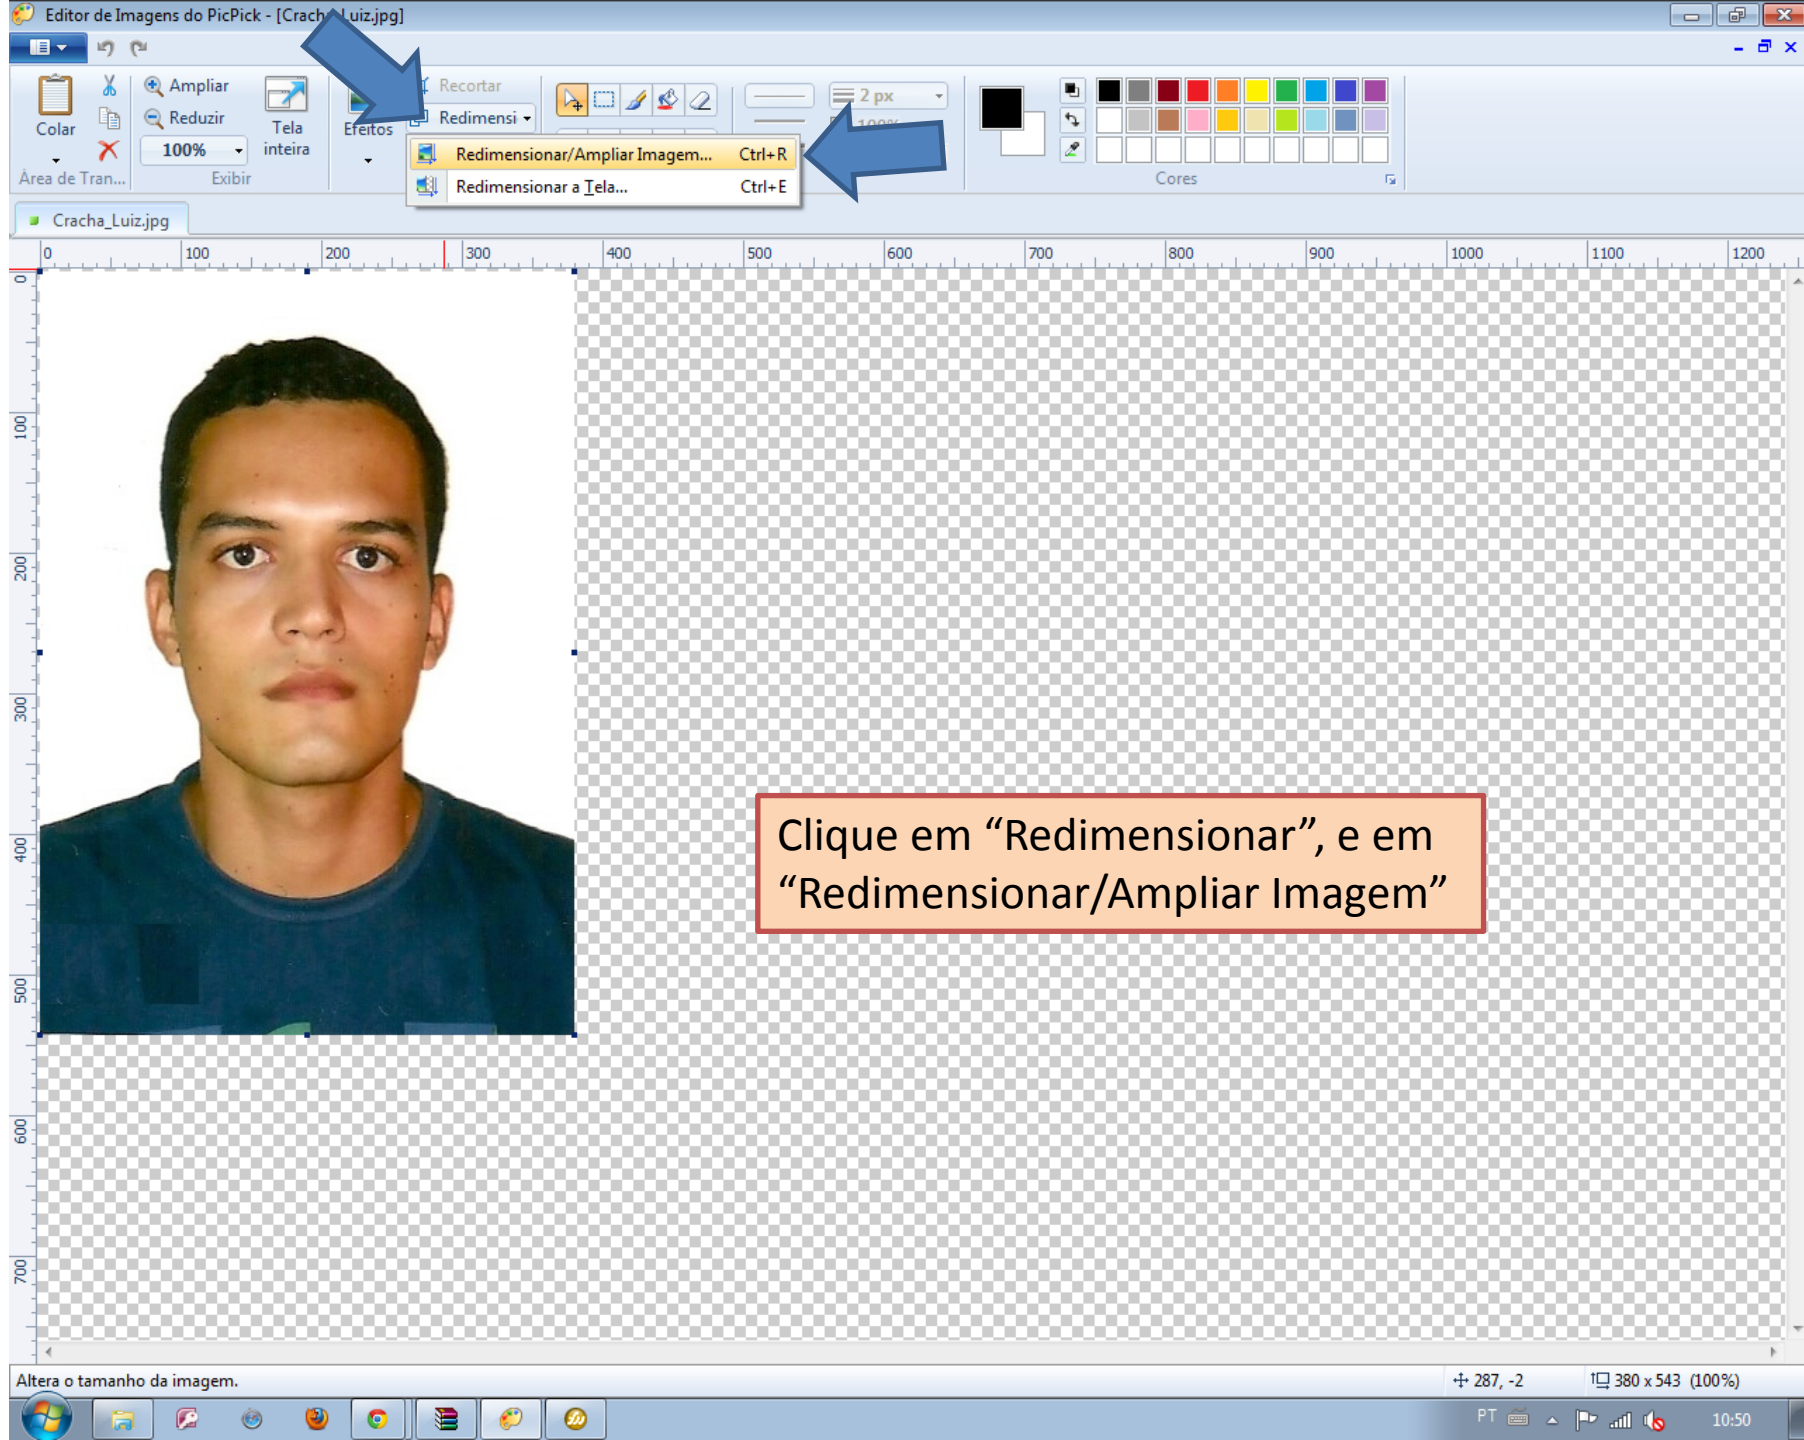

Esta é a tela principal do programa

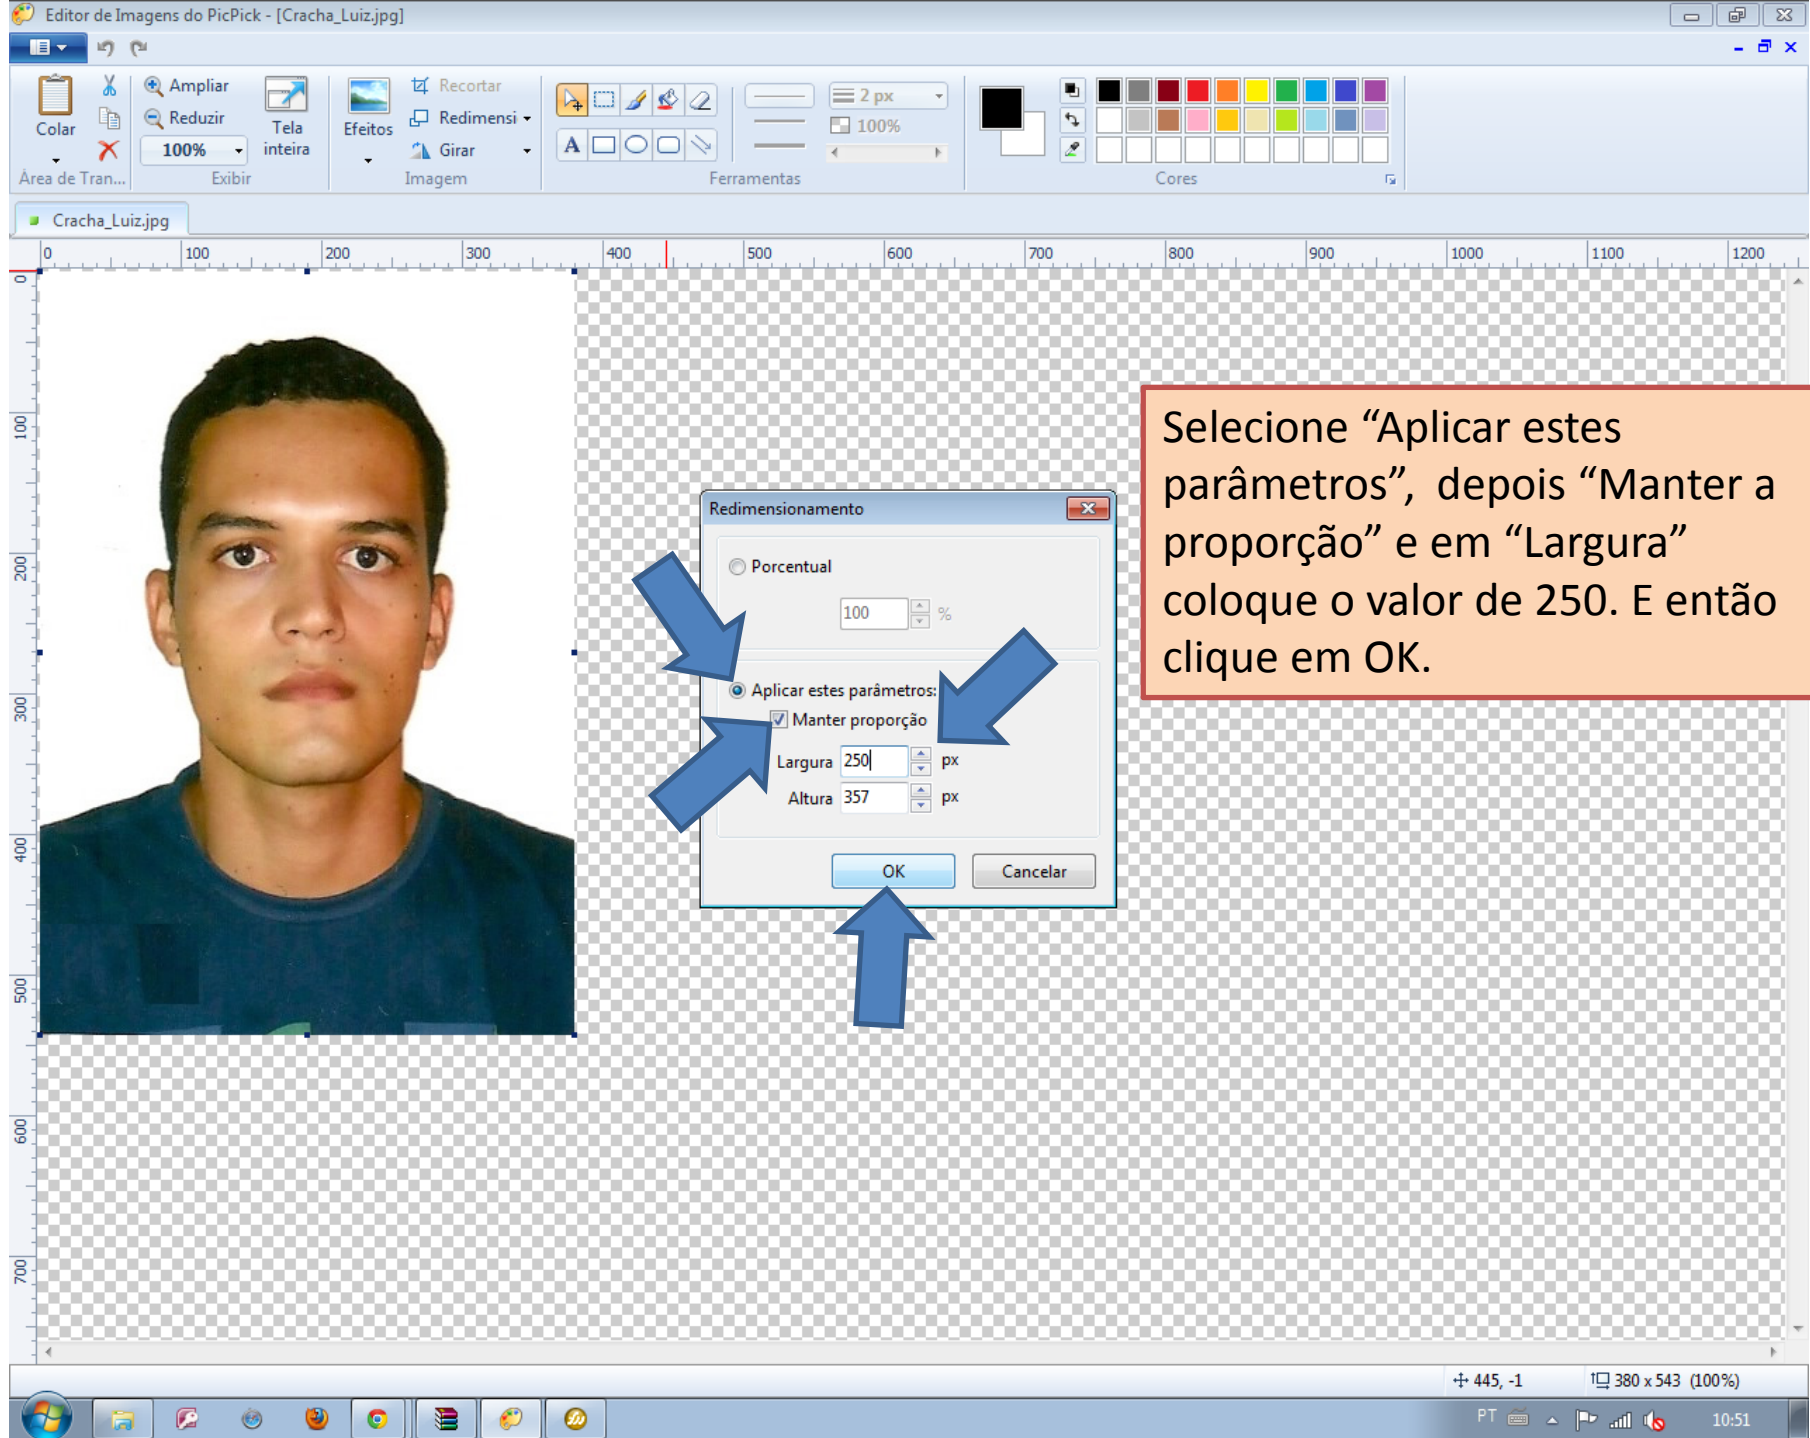

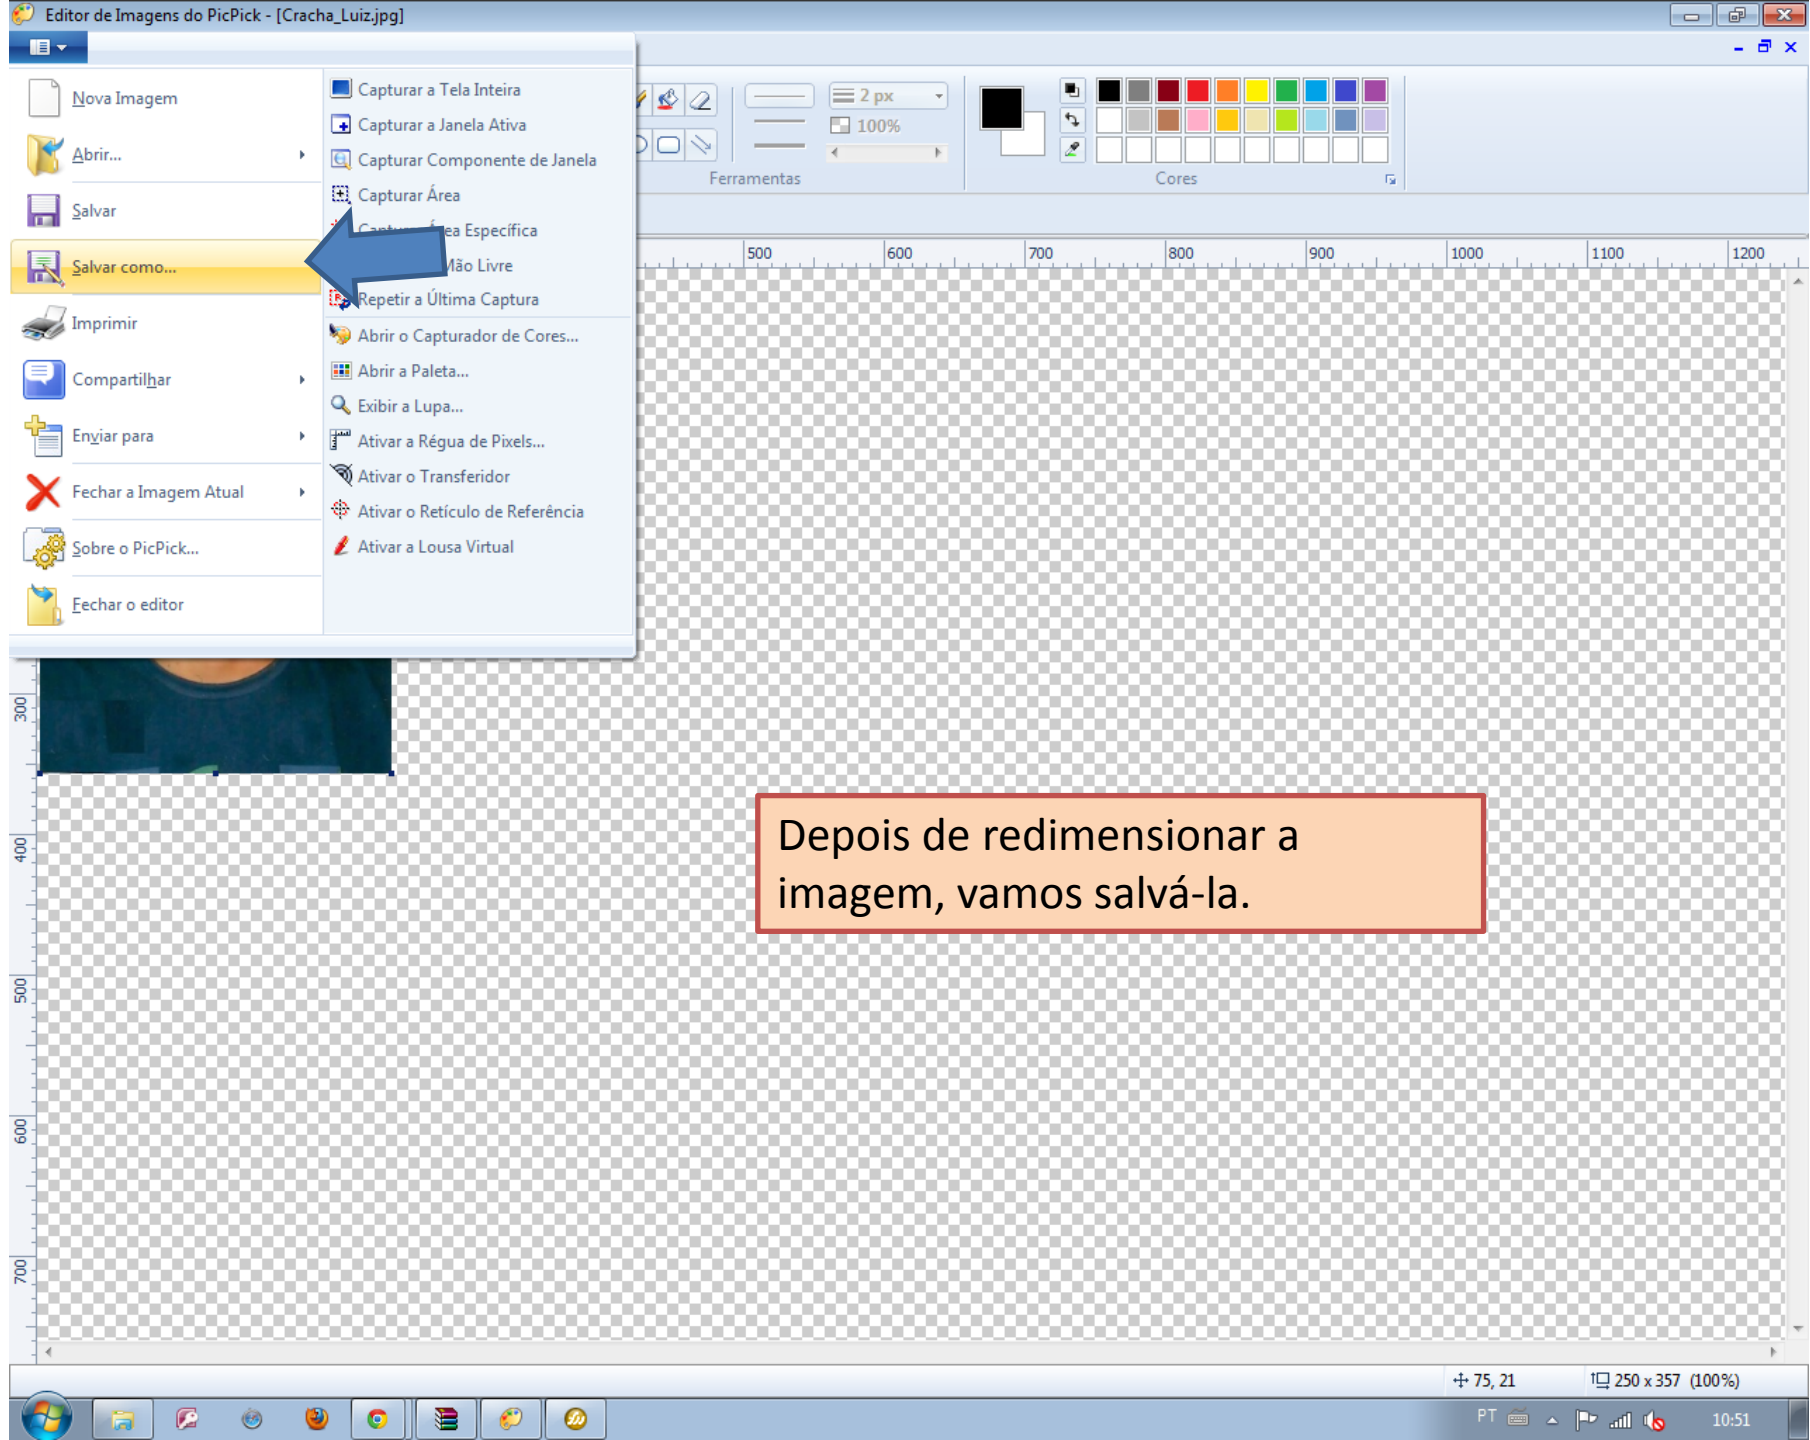

Então a imagem será aberta.

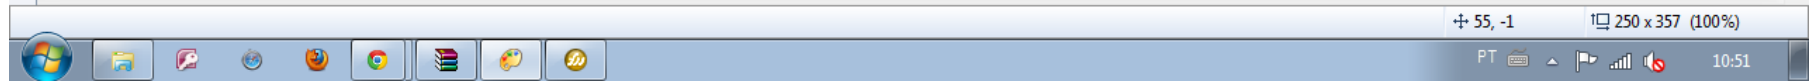

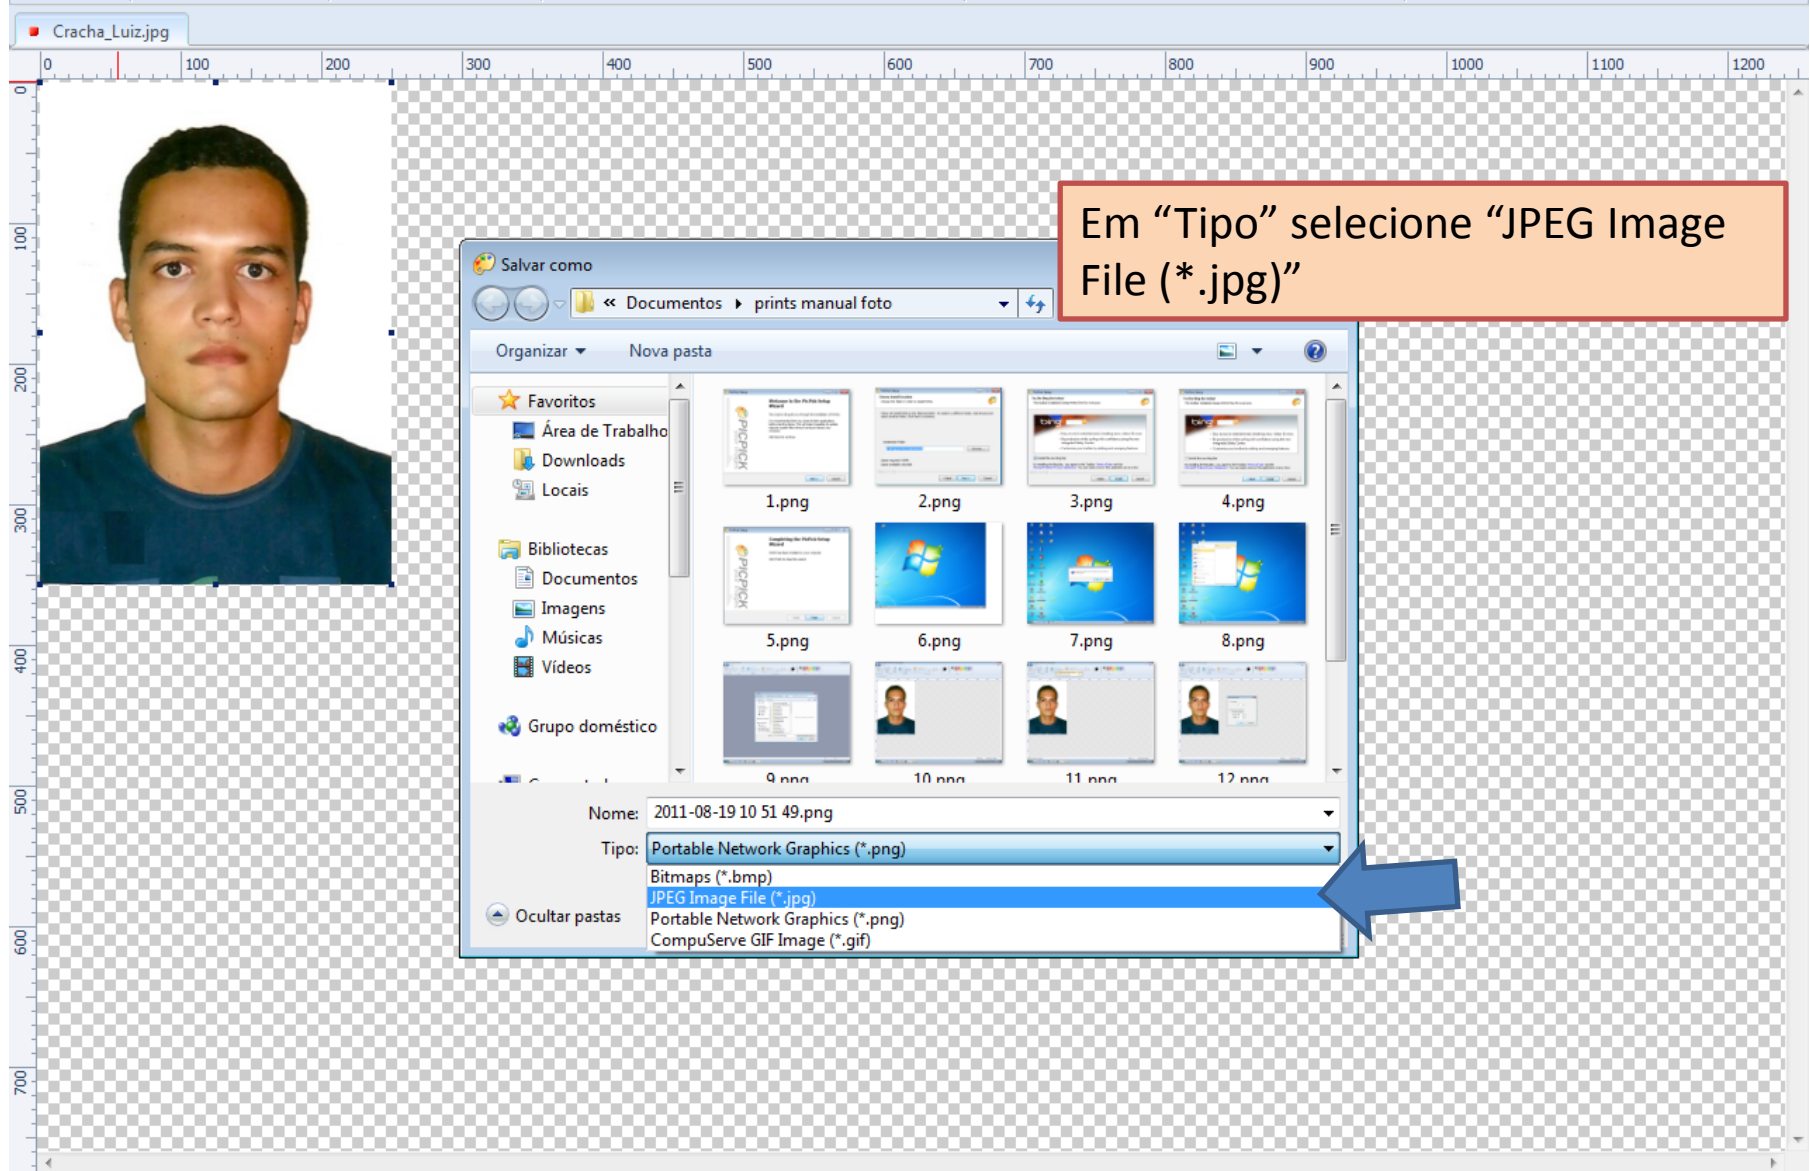

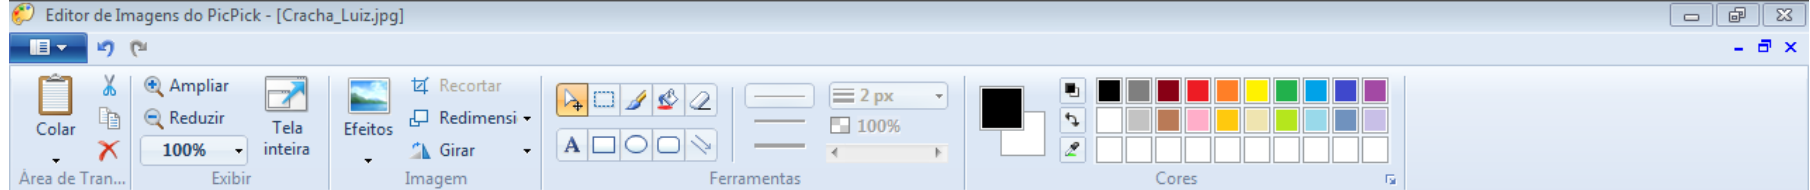

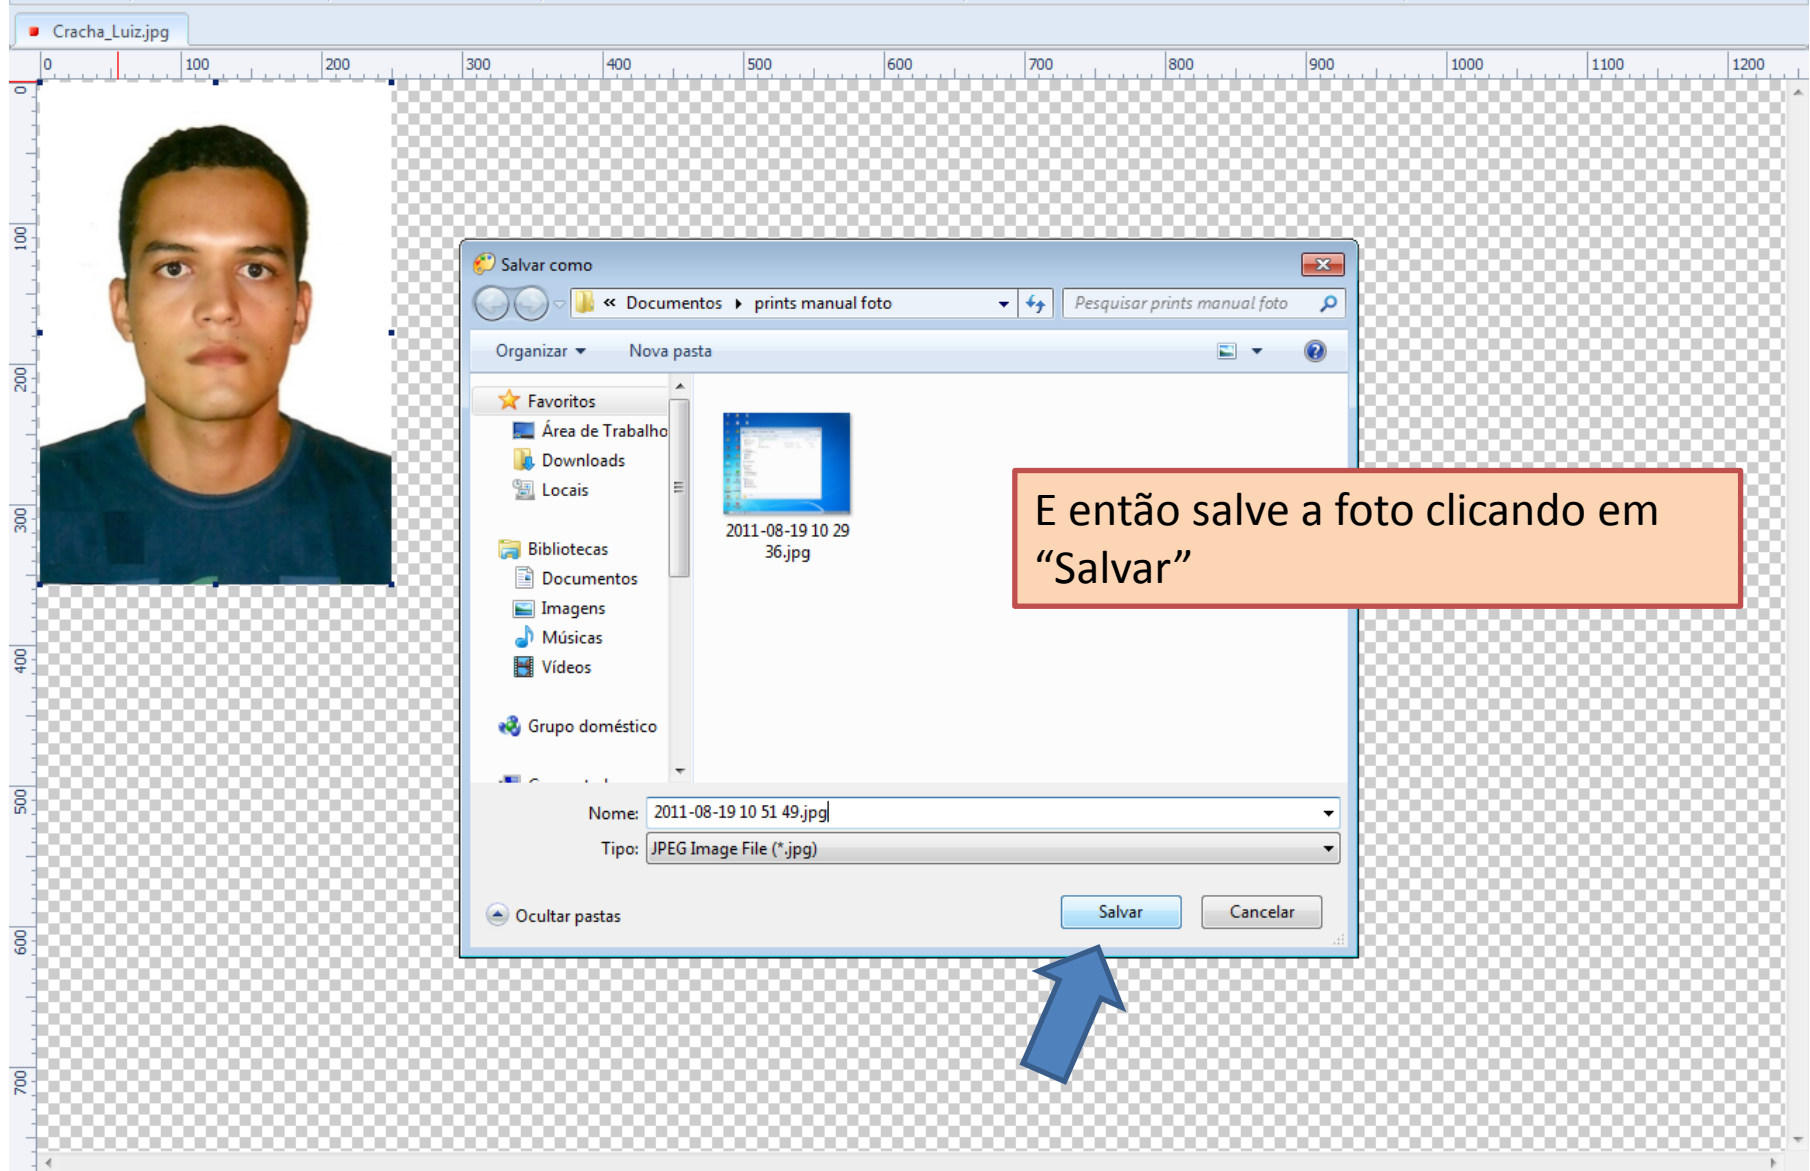

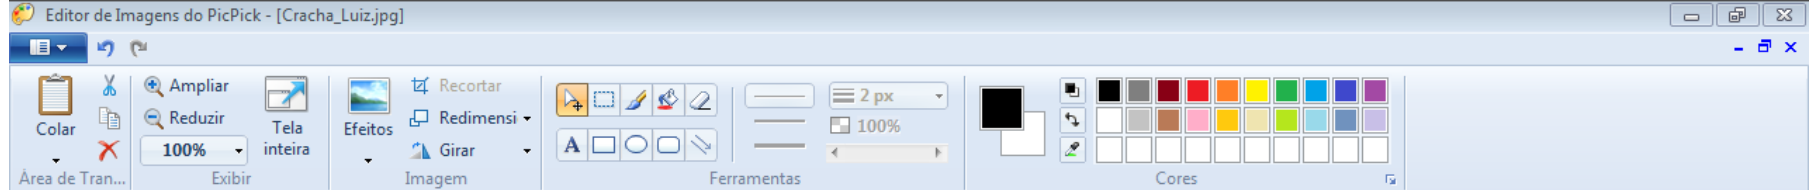

Clique em “Redimensionar”, e em
“Redimensionar/Ampliar Imagem”

Depois de redimensionar a imagem, vamos salvá-la.

E então salve a foto clicando em "Salvar"
